ECE Labs

Locker related Rules

- Locker will be strictly issued for keeping lab resources only.
- Locker must be returned in case all issued resources have been returned.
- Keeping locker unnecessarily or losing the key may lead to 1-2 week restriction on issuing the lab resources further.
- If the issued resources are not required by a student for a particular time period, it had to be returned along with the locker key for its better utilization by others. They can be re-issued by the former on prior approval.
- No duplicate key will be provided from the lab side in case issued key is missing.
- The Lab In-charge has full right to inspect the lockers, to confirm the presence of issued resources in the lab, any time without informing you.
- Sharing your locker key with others is at your own risk. Lab will not be responsible for any missing resources from the locker.
